

Welcome!

Experience is the best teacher—but isn't it great when you can learn from someone else's experience? That's the idea behind College Health Info.

I saw friends and colleagues in college health struggling to track down answers that would simplify their workday and provide more day-to-day efficiency in their jobs. And I thought there must be a better way, and started putting together the framework for this community forum—a place where college health professionals can come together to share information and help each other.

We hope you'll join us in building this free-access community by sharing your knowledge with your peers and learning from them. We look forward to meeting you in our forum!

Sincerely,

Joe Snowden
CHI founder
